

**I am going to the Dentist!**

1. I will go in the car with my mom or dad! They will park and we will walk into the office building!

2. I am going to look for the dentist office number....102!! Found it!!!

3. Then I will walk and find the door for my dentist.

4. Next, I will check-in at the desk and give them my name! I can practice saying, "Hi my name is....and I am here to see Dr. G!"

5. After I check-in, I may have to sit and wait several minutes.

6. During this time I can do something I brought with me or make a choice.

7. They will call my name. I will go through the door and back to the chair.

8. I will sit in the chair that goes up and down. There are a lot of bright lights but there are also fun things to look at!

9. The Dentist will ask me to say, "AHHH" and open my mouth!

10. The dentist also wears gloves and glasses so she may look a little different!!!!

11. There are special tools that are used for cleaning our teeth! You may also wear special sunglasses when you are in the chair!

12. The dentist will brush my teeth and floss my teeth. Then the dentist will paint my teeth with special tooth vitamins.

13. When the dentist says I'm done, I get to choose a prize for doing such a great job!

14. I then walk out and I will wait while the lady schedules my next appointment.
